Film Arts Academy

Learn the Art of Filmmaking
from Industry Professionals!

SPACE IS LIMITED

PROGRAM DESCRIPTION

CreaTV San Jose is proud to present the launch of The CreaTV San Jose Film Arts Academy, a special program designed to teach middle and high school students the art of filmmaking from industry professionals.

Beginning February, 2012 and culminating with a premiere screening in June, students of Film Arts Academy will have the opportunity to participate in classes covering all three phases of film production. Enrolled students are encouraged to take two or more classes to receive a certificate of completion from the academy.

Classes are \$25 each and will be held after school and on Saturdays at CreaTV San Jose. Some classes are held in multiple sessions due to longer lengths. Be sure to attend all sessions required to complete the class.

Enrollment in The CreaTV San Jose Film Arts Academy also includes a one-year Youth membership to CreaTV San Jose.

Pre-Production

Preparing all production elements

Script Writing & Story Boarding

Kick-start the program by developing a script and creating storyboard scenes for a film.

Begin with basic terminology, then a step-by-step of pre-production and an opportunity to produce. Students develop an understanding of what it takes to conceptualize a film production from start to finish.
